Adult A	Adult B
Child C	Child D
Child E	Child F
Address	
Phone (optional)	Email (optional but very helpful)

I have read the notes and I accept the conditions of membership including the [privacy policy](#).

I am the parent/guardian of any children listed.

Signature Adult A	Signature Adult B
Date:	
How did you hear of us please?	

Club use only: identification and payment

Notes

Joining

You can join by post and email, but joining at the door is easier.

We need to see evidence of name and address, for example a driving licence, the first time that you attend. Please do not send documents by post. Membership cards are usually ready for collection at the following session. If there are any difficulties over ID then please contact us.

The membership fee is adults £10, children free. You can join in August and September for half price. If you join after September then you get the rest of the year for free and pay for next year. You can pay at the door or by post. Cheques payable to Mildenhall Naturist Swimming Club please. If your card is lost or stolen please let us know immediately.

Nuisance

At any swim, naturist or textile, very occasionally someone is a nuisance. We have never had any sort of incident and, based on the experience nationally, it is unlikely that we ever will. However we do have to be prepared. If someone is a nuisance, makes you feel uncomfortable or if their behaviour gives you any cause for concern, please let us know even if you think any incident may have been an accident or is too trivial to mention. It is important that we are made aware of any such behaviour so that any repeat can be prevented. We would discuss any action with you and of course keep your name out of it if that is your wish.

The legal bit, conditions of membership.

1. You have not been barred from attending or joining any naturist event, club or organisation. If it was something trivial then please discuss it with us.
2. You are not subject to the notification requirements of the Sexual Offences Act 2003.
3. You accept the privacy policy (below)

Privacy Policy

Mildenhall Naturist Swimming Club uses your information for club administration. In exceptional circumstance where necessary for safeguarding and law enforcement purposes we may share your information with British Naturism, other naturist organisations, the safeguarding authorities, and law enforcement as appropriate. We check names against the British Naturism referral list.

We keep membership information for up to two years after membership ceases. We also keep visitor information for up to two years after the visit takes place. We keep routine visitor and membership correspondence for up to a year. In exceptional circumstances we may need to keep information for longer.

You can not be a member or a visitor, unless you provide at least your name, address, and identification. You can request deletion of your information but deletion of required information will terminate your membership. Required information will be archived for safeguarding and legal purposes. Complaints can be made to us or if unsatisfied to the Information Commissioners Office.

Conclusion

These precautions are a bit "over the top" but councils are rather nervous about naturists using their pools.
